Mayor’s Message

Greetings all,
I trust all of you are enjoying this beautiful time of year as spring is now upon us.

Joint Council Gathering
Recently there was a meeting between three councils from the Southern EP, which are Port Lincoln CC, DC Tumby Bay, and DC Lower Eyre Peninsula. It was an opportunity for your council to engage and liaise with two of our nearby councils, sharing about different items which may have greater regional significance. Council has been continuing to work towards the option of working together in different areas of service with these other councils, to try and gain some advantages for our community and ratepayers.

Port Neill Foreshore
The final Detailed Design for the proposed Port Neill Foreshore Upgrade has been endorsed by council, and council will now go through the process of seeking Grant funding for its implementation. This has been a very thorough process with much input from the Port Neill community, so I must thank all members of the community as well as council staff for their hard work, and we look forward to getting some works happening on the ground as soon as possible.

Time Zones & Speed Limits
These are two State Government matters that have a great effect on those of us on the Eyre Peninsula, and Council, through their representative body the EPLGA, has been proactive in ensuring that our opinion on changes in this area is represented. If you would also like to add your opinions in these matters, I would encourage you to write to the relevant State Government Ministers and add your voice to the argument.

Mayor Sam Telfer

Community Development Officer Report

Pioneer Tower
We are awaiting the final report in relation to the plinth. STASSI Engineers will present a report on structure and suggested ways of holding up the glass panels.

I was extremely grateful for the photos taken by Peter Poole whilst he constructed the plinth from plans by John Oreb. It was almost like the tower “revisited”, however the strength required to hold up the glass must be assessed.

YAC
Our group of Youth have been busy with leadership programs and now organising assistance with events at this time of the year.

- YAC will have face painting at the Disco in the Skills Centre on Friday September 25th, last day of school.
- They will supply a Bouncy Castle, “Scooby Doo” and a small castle for little children at the School Fete on 23rd October.
- At the Yallunda Flat Show YAC will sponsor the Giant Bouncy Castle “Jurassic Park”, and also do face painting.

They are having two banners made, one of “YAC, Tumby Bay” and the other of “Face Painting”. Funds are raised through face painting.

The LEAP Program “Bunk Down ‘n’ Boogie” has now been completed. Forty students from Tumby Bay, Butler and Port Lincoln attended different functions. Three events were planned for December 2014, March and August 2015.

Planning, community engagement and budgeting the food was learnt. Segway was their favourite activity followed by leadership programmes, board games and cards.

YAC have been entered into the Community Achievement Awards for the State.

The Public Library Pilot Study

After discussion with Ungarra Community Café and the Port Neill community the possibility of a library drop off seems likely to be adopted.

Many can see the benefits of collecting their books, videos etc. at their local Library Kiosk. The ease of using ONECARD can be fully utilised to book a book on this system, take it anywhere, return to a library and order another which can be collected at a specified port of call. The offer to take up the funding with Council matching has been taken on.

KESAB

Alex Hammett, Community Engagement Program Manager visited our town on Tuesday 8th September. I am pleased to report we are shortlisted for two categories:

Community and Partnerships
Reduce/recycle/reuse and composting: The SKILLS and Community Centre.

Alex was most impressed with the OSHC recycling section with enthusiasm shown on the children’s faces, proud to reduce, reuse, recycle.

The Centre was full on when we arrived with the front counter busy selling crafts and pickled olives all made by people in the community. Thank you Jane, Colleen and the Team.

The KESAB Junk Craft was a favourite as we were the only group she had visited who had participated in the program. Well done Tumby Bay Area School.

Fifteen people attended the light lunch made at the Centre with many ingredients from the Community Garden. The olive press, composting and especially the garden received a massive nod of approval, having shown Alex, before and after. Outstanding effort.

The District Council also have many initiatives so look on the Tumby Bay website (www.tumbybay.sa.gov.au), Recycling, FOODWISE - DO SOMETHING, a great idea for meals. Take a look.

Heritage and Culture
RSL Centenary Celebrations. Community involvement - an amazingly successful event including Indigenous Returned Soldier recognition.

Seventeen groups and individual volunteers were the culmination of an outstanding Centenary Event. The many helpers are listed and I will place the article in the next newsletter.

Alex was impressed with the available archival photos, stories and artefacts, many 100 years old. She marvelled at the displays by Lisa Povey and Teena Norton. Diana James told the story of Billy Ahang, leaving Alex wanting to learn more of the past history.

The Men’s Shed displayed their crosses at the War Memorial. Well done to the RSL and community.

Thank you to all. You have done yourself and the district proud.

I will not be available at the Council from September 10th—30th as I am taking leave.

National Meals on Wheels Day
Wednesday 26th August 2015

The Tumby Bay Branch of Meals on Wheels invited their clients to the SCION Centre where the Hospitality students, consisting of three year 10 students, five year 11 students and four year 12 students under the instruction of Mrs Sara Southern planned, cooked and served a meal suitable for older people. The students also made placemats for each guest and priced the meal.

Thirty one attended including sixteen clients, six committee members and five volunteers who transported some clients.

Mrs Jill Loudoun welcomed and hoped everyone had an enjoyable day, she apologised for the branch Chairperson who had a family bereavement and could not attend. Grace was said by Marlene Poole. While the students served the meal Christine Charlton, an accomplished pianist, played incidental music.

The main course was individual chicken pies served with mashed potatoes and steamed vegetables. Dessert was alternate drop of apple crumble served with homemade custard, and sticky date puddings with caramel sauce and fresh cream. Each person took home a container of pumpkin soup and a bread roll for the evening meal.

All agreed an excellent meal and interaction with the students was great. The National Meals on Wheels sent each client a placemat which was laminated by local committee.

Our local committee is very short of helpers; we require an Assistant Volunteer Co-Ordinator, Secretary and Assistant and an Assistant Client Co-Ordinator. The Client Co-Ordinator is responsible for maintaining Client support and following up concerns and issues. The Volunteer Co-Ordinator is responsible for the volunteer roster and ensuring the efficient delivery of meals.

We have a short meeting first Monday of each month at 10.30am held in croquet clubrooms. Meals go out to 25-30 people, 5 days per week and frozen meals can be ordered for weekends or public holidays. We have two routes, north and south so four volunteers are required each day.

If you have any spare time and would like to be involved in a great, friendly and worthwhile organisation ring Eileen Weiss 0427 881 812 or Jill Loudoun 8688 2330.

Ungarra CWA

Some people may consider 13 an unlucky number, but not on this day. Today we numbered 13, members and friends gathered to celebrate our birthday. There were many apologies from those that could not be enjoying the day with us, some are travelling to warmer climates, some are feeling not so well and others are just plain busy. Well we have missed each and every one of you and look forward to your return. Lee Gibbons please bring some of that warm Darwin weather when you return.

A special welcome to our newest member who is also a returning one, a lady who was well known to most but not quite all; Sally Caitling, and she is rumoured to be very talented.

Birthdays for the coming month are Bev Roediger and Coral Plew. Happy birthday ladies, best wishes to both.

Thank you to the Seabreeze Hotel for a scrumptious lunch. While the weather outside was very ordinary it was lovely indoors watching the rain, not quite so for Helen Kroemer who arrived late just as the heavens opened and ended up rather wet.

We wished Valmai Bon Voyage, and know that she is going to have an amazing three months. While we will miss her dearly, we have all been left feeling a little envious wishing we could have gone with her and we look forward to her stories when she returns.

There will be no meeting in September as most members will be in Adelaide to work at the show. Back on track for October though. Don’t forget handicrafts on the last Tuesday of the month, starting at 1.30pm at Helen Kroemer’s home.

**Tumby Bay SACWA**

The meeting of the Tumby Bay CWA was held on Wednesday 19th August 2015 at the Ritz Café. The president Sandy McCallum opened the meeting with some apologies from important people, like Tony Abbott, Jay Weatherill, and various other politicians. She read out their apologies to a lot of laughter as we made fun of our leaders. I do not think it appropriate to share these funny, made up excuses but we enjoyed them.

There were nine members, four ex members and three visitors attending the eighty second birthday of the Tumby Bay CWA with a hilarious lunch at the Ritz Café.

The theme for the day was a funny story and most of the women there told a funny story which were varied in content but we all enjoyed a good laugh. Some were true stories and some were not but they were all funny and made us laugh.

Birthdays celebrated were Helen Ballard, Sandy McCallum and Ivy Edwards and members sang happy birthday to these three people. Wendy Springbett conducted a quiz titled “How Many” needing answers in numbers and this was won by Ivy.

Pearl Carr told us about a naked man who turned up on her doorstep, a true story. It seems he was on medication and had forgotten to take it. We sympathise with the poor man but since we didn’t know him we had a good laugh at his expense.

Sandy told a story about someone knocking at her farm house door at midnight while her husband was away. Scared her silly but she had three children to protect so armed herself and bravely went to the door holding the gun in front of her. She was confronted by some rams which had strayed into the door and kept banging against it. Imagine her relief and she later saw the funny side of the episode.

The day was enjoyed by all and we had a lot of laughing to set us in a good mood for the cutting of the decadent chocolate cake. The day ended at 2.30pm after we enjoyed the cake and we didn't think we would need any tea.

We had apologies from June and Earle Magnay, Glenda Baillie and Marge Hopping who are on the sick list and Eileen Weiss, Pheobe Milton, Oakley Dyer and Claire Hurrell.

The day started by a welcome to all from Kath Prime with a minutes silence in memory of Eric Weiss. John Lawrie started with grace. Sonia read the minutes from the inaugural meeting as Bruce Dorward was the first elected President on 5th September 1995.

Following lunch we were entertained by Glenda Bryant with a bracket of songs by Al Jolson and a very good rendition. Then came the important cutting of the anniversary cake by the Foundation Members present.

The next activity is the Annual Probus Rally at Streaky Bay on the 15th September. Thank you to the Port Lincoln Clubs we are able to share the bus to travel to Streaky Bay.

**The Big Book Club ~ September selection**

**The Pause by John Larkin**

*The Pause* is a book written for young adults but should be read by people of all ages.

Teenager Declan has contemplated suicide. The novel shows what would have happened if he went through with it, and mostly what would have happened if he paused.

It is essentially about mental illness, but it also a love story. Issues of race, religion, sexuality, divorce, physical and intellectual disability are all woven into this novel without it feeling preachy or laboured. Although there is heavy subject matter, John Larkin uses humour to lighten the mood.

A cast of great characters make this beautifully written book authentic and believable and provides great messages for anyone who has suffered any sort of mental illness, and for those who might not have, to recognise and assist those around them that have. Ultimately to ‘Stick around. You’re worth it’. Because being human can be the greatest curse, but also the greatest gift.

**Stay with Me by Maureen McCarthy**

*Stay with Me* follows Tess, a seventeen year old, who has just left school and heads to Byron Bay with friends. Just before she is due to head home she meets Jay, a man much older than her. She is also offered a job and somewhere to live. She doesn't want to go home so she accepts all of them.

Despite being warned against becoming involved with Jay she does, and before long she is pregnant and living on his farm. His controlling, abusive behaviour escalates and she escapes with her three year old daughter, Nellie.

The journey with her saviour, Harry, is interspersed with reflections on their relationship, her childhood her family and the ever present threat of Jay finding them.

A chilling thriller suitable for adults and mature young adults.
A Year of Marvellous Ways by Sarah Winman

Marvellous Ways is the surprising name of an 89 year old woman who lives alone in a caravan in a deserted location and believes her mother was a mermaid. With the poetic language, Sarah Winman used in her debut *When God was a Rabbit*, Marvellous waits – for something – she’s not sure what, but she’ll know it when she sees it.

Then along comes Drake a young soldier who has suffered the impact of the Second World War. She helps him fulfil a dying man’s last wish.

A story of aging, grief and death and how to keep those at bay with love. A gentle story that will capture your heart.

Ben was born on 17 February 1890 at Tumby Bay to Thomas John Thorpe and Rose Ann Thorpe (nee McFayden). There were 6 children in the family, 2 boys and 4 girls, of which he was the second eldest. His mother was the niece of William McFayden, the owner of the Lipson Hotel in 1901; and his father worked on his grandfather's farm in the Tumby area (Section 81 Hundred of Hutchison) until the family moved to a block at Elliston.

He went to school at Tumby Bay, before taking employ in various areas on the "west coast" until his enlistment in the Army at the age of 24 years and 6 months. His occupation at this time was given as labourer.

Ben was one of the first to enlist from this district, enlisting on 14 September 1914 at Tumby Bay, only 1 month after the commencement of World War 1. He went to Morphettville for processing and then undertook his basic training at 2nd Depot Battalion (Bn) before being posted to 1st Reinforcements/10th Bn.

The 10th Bn was one of the first Infantry units raised for the Australian Imperial Force and because of its long history in SA, as a militia unit, was known as the "Adelaide Rifles". It was manned with recruits from South Australia and along with the 9th, 11th and 12th Bns, it formed the 3rd Division.

After completing his basic training Ben embarked aboard the HMAT "Thermistocles" from Melbourne on 27 December 1914 bound for Egypt via Fremantle; the Bn had already embarked aboard HMAT "Ascanius" on 20 October 1914. On arrival in Egypt, Ben joined his Bn and undertook further training before embarking with his unit, this time bound for the Greek island of Lemnos in the Aegean Sea aboard the 'Ionian', where they transhipped to the British battleship HMS "Prince of Wales" for the passage to the Dardanelles.

The 10th Bn was the first ashore at Gallipoli, as part of the screening force, landing at 0430 hours on 25 April 1915 at Anzac Cove. It had formed a Scout Company to lead the way and 2 of its members are credited as having penetrated further inland than any other Australians at Gallipoli, having reached the 'Third Ridge'. The Bn suffered nearly 50% casualties in the first few days immediately after the landing.

The Bn was also heavily involved in establishing and defending the front line of the Anzac positions and had to withstand determined counter attacks launched by the Turks in May 1915. It was during these attacks that Ben was killed in action (KIA) on 19 May 1915. He is buried in the Divisional Cemetery at Shrapnel Gully, about 400 yards (approx. 350m) South East of Anzac Cove.

The Bn served at Gallipoli until the evacuation in December 1915, when it returned to Egypt where it was reformed and sent to the Western Front.
